ABOUT THE COURSE

A course that gives the knowledge to make a difference for your future

Our course has been recently updated to help you learn more about retirement planning so you can live comfortably. The course was developed to give you the tools necessary to make the best decisions possible regarding your future financial position and retirement.

By the end of the session, you will be able to access the costs of retirement and determine all sources of income you will have or potentially may need. You will also learn to improve your investment potential, access your risk tolerance accordingly, and determine the correct approach for estate planning. Inflation is a concern of all investors and this course will help you with any corrective action, all while avoiding unnecessary taxes. Long-term-care expenses can be financially devastating to any family or individual, so the course teaches best practices to minimize extreme costs.

You will use real-life examples, case studies and exercises in the course to help aid in the decision making process. This will allow you to discover how to appropriately take control and position yourself for a successful financial future.

THE EDUCATIONAL LEARNING EXPERIENCE WILL DELIVER:

- Situation based, time-tested financial principles and strategies.
- The most recent facts and figures on planning for retirement.
- Clear, concise and easy to understand visual aids and take-home handouts.
- Homework to reinforce your personal financial goals.
- Concepts that will expand your knowledge base to enable better decision making.

COURSE WORKBOOK FACTS:

- Workbook is included in the course.
- Workbook is 145 pages of financial tools for success.
- Workbook follows the presentation.
- Workbook is a take-home piece that will serve as a reference for future planning.

PERSONAL ONE-ON-ONE CONSULTATION WITH A PROFESSIONAL:

- As a participant you will have the opportunity to privately review your situation.
- In the consultation you will be able to ask questions directly associated to your needs.
- You will also have the advantage of working with an instructor on goal-setting and planning.

Evaluating an Investment's Real Rate of Return

Initial investment	\$20,000
Rate of return	3%
Amount earned	\$600
Federal income tax bracket	24%
After-tax return	\$456
Value of account value after taxes	\$20,456
Inflation rate	5%
Value of account after taxes & inflation	\$19,482
Real rate of return	-2.59%

This hypothetical example is used for illustrative purposes only. Actual results will vary.

WHY THIS COURSE IS FOR YOU... WHAT YOU WILL YOU LEARN?

FIGHTING THE STUMBLING BLOCKS:

You will learn to get past all of the stumbling blocks that can overwhelm people when planning for a comfortable retirement. Planning strategies will address areas such as: inflation, taxes and procrastination.

PREPARATION FOR A COMFORTABLE RETIREMENT:

You will be shown easy steps that can be taken to increase your income from retirement plans, savings and investments.

FIND OUT HOW MUCH IT WILL COST:

Retirement can be one of the most costly decisions you will ever make and you will learn strategies for long-term retirement savings.

YOU CAN SUPPLEMENT YOUR EMPLOYER- SPONSORED RETIREMENT PLAN:

Become well versed on personal retirement savings vehicles – the most common types: Roth and traditional IRAs, as well as fixed and variable annuities.

DISTRIBUTION OPTIONS FOR RETIREMENT PLANS:

Become aware of your distribution options and how they can affect your tax situation. You will also learn to better control your retirement funds.

DISABILITY CAN GREATLY AFFECT YOUR RETIREMENT:

Become aware of the impact a disability can have on your finances and what methods you have at your disposal to combat losing your financial stability.

MANAGEMENT OF YOUR INVESTMENT RISK:

Become acquainted with strategies such as diversification and asset allocation, both of which can help to manage the level of risk in your portfolio.

PAYING FOR COSTS OF LONG-TERM-CARE:

There are steps that can and should be taken to ease the burden of long-term-care costs if you should ever need it. There are risks involved with self-insuring and you will learn how you can purchase insurance to help protect your family from the burden of rising costs associated with long-term care.

LOWER YOUR PROBATE AND ESTATE TAXES:

Trusts and planned charitable giving are both resources that can help to reduce taxes and probate fees. You will learn the exact benefits of each and how you can easily implement planning strategies to avoid excessive tax implications.

PROVIDE FOR YOUR FAMILY AND YOUR HEIRS VIA DISTRIBUTION:

Distribution strategies can help to preserve the value of your estate. You will learn the ins-and-outs of the most beneficial and correct distribution strategies.

ADULT EDUCATION: FIVE REASONS YOU SHOULD ATTEND THIS COURSE

You have to admit, we spend a good portion of our adult lives thinking about and making decisions financial in nature. Have you received any formal financial training or education, in school or otherwise? Continuing education on this subject is one of the most popular sought by adults and now it is all in one easy course.

We all want or need to make money and we spend the majority of our lives doing so, however, we don't think about what we are going to do with that money, how it is best used and how it can be stretched the farthest.

FIVE REASONS TO ATTEND THIS COURSE:

1. You'll learn to **steer clear of stumbling blocks** holding you back from retirement — such as taxes, inflation, lack of knowledge, poor planning, and failure to take action.
2. Acquire **professional information** — regarding financial strategies for your specific situation. Instill confidence in future decision making by learning all of your options.
3. Clear, concise and realistic **goal setting** using a step-by-step proven process based on your retirement needs, risk tolerance and length of expected retirement.
4. Do you procrastinate? Don't we all...this course will help guide you to **taking action**. Once the course is complete, you'll be properly prepared to **improve your financial strengths immediately**.
5. This same seminar is prepared across the country by financial professionals, because it has a proven track record of positive results. Your instructor is among the top financial professionals in your area and has been chosen for this course based on experience in practical — real-life matters. His experience stems from years of being in practice in the private sector working with hundreds of clients with all levels of net worth. **Course instructor is: James P. Agrawal, M.B.A., C.F.P.®, M.S.F.S., of J. Agrawal Financial Group (www.jagrawalfinancialgroup.com)**. Jim has 41 years of experience in the Hudson Valley region. Jim is a Certified Financial Planner™ and Investment Advisor Representative offering Securities and Investment Advisory Services through **Osaic Wealth, Inc.** Member FINRA/ SIPC and Registered Investment Advisor. **Osaic Wealth, Inc.** is separately owned and other entities and/or marketing names, products or services referenced here are independent of **Osaic Wealth, Inc.** Mr. Agrawal's office is located at 22 IBM Road, Suite 205, Poughkeepsie, NY 12601. Neither **Osaic Wealth, Inc.** nor its representatives offer tax or legal advice. J. Agrawal Financial Group and **Osaic Wealth, Inc.** are not affiliated entities. For assistance with these matters, please consult your tax or legal advisor. **Also speaking is Kelly Traver, of Wallace & Wallace LLP, Poughkeepsie, NY.**

Give yourself
more control
of your financial future

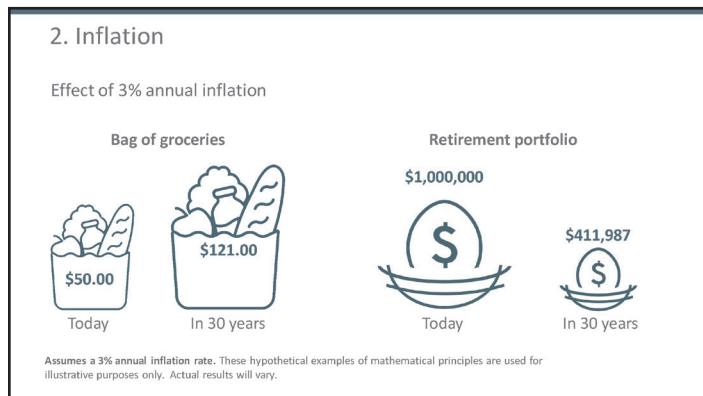

FACT:

Less than 16% of retirees said they will have enough money to pay for long-term care, such as nursing home or home care, should you need it during your retirement.

COURSE CURRICULUM

These are just some examples of what we cover during the course.

How an Annuity Can Provide a Pension-Like Income Stream

- Some annuities offer guaranteed returns and lifetime payments
- Can help protect you from outliving your assets
- Unlimited contributions (within contract limits)
- Earnings accumulate tax deferred
- Most annuities offer a guaranteed death benefit
- Choice of payout options

Any annuity guarantees are contingent on the financial strength and claims-paying ability of the issuing company.

How Likely Are You to Need Long-Term Care?

- 70% of 65-year-olds will need some form of long-term care services during their lifetimes¹
- 20% of today's 65-year-olds will need long-term care for more than 5 years²
- 49% of workers are not confident that they will have enough money to cover long-term care expenses³

Unpredictable Markets

Experiencing poor investment returns at the wrong time is called **sequence-of-returns risk**

- An early loss of retirement assets means there is a lower base of assets from which to generate income throughout retirement
- Selling assets during a downturn could result in a faster depletion of assets
